Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Focusing on the concept of "dark ecology" and its invitation to add an anti-pastoral perspective to ecocriticism, this collection of essays on American literature and culture offers examples of how a vision of nature's darker side can create a fuller understanding of humanity's relation to nature. This is the first collection of essays applying the "dark ecology" principle to American literature.
