| Note generali | Includes index. |
| Nota di bibliografia | Includes bibliographical references and index. |
| Nota di contenuto | Part 1. Events -- Part 2. Conjunctures -- Part 3. Structures. |
| Sommario/riassunto | "This book is a historical reinterpretation of the Cold War in the broadest sense from the viewpoint of the late 1980s. Dukes contends that the rivalry of the USA and Soviet Union, like the Great Game between Britain and Imperial Russia, can be understood only by analysing their relationship over centuries. He adopts the explanatory model of French historian Fernand Braudel - the concepts of event, conjuncture and structure - and examines the super-power relationship in an historical context stretching back to the medieval period. He argues that the political and cultural gaps between Western and Soviet approaches at key events have stemmed from widely different experiences of these events, as well as from long-embedded traditions."--Bloomsbury Publishing. |
