Sommario/riassunto	Because terrorists are made, not born, it is critically important to world peace that detainees and inmates influenced by violent ideology are deradicalized and rehabilitated back into society. Exploring the challenges in this formidable endeavor, Terrorist Rehabilitation: The U. S. Experience in Iraq demonstrates through the actual experiences of military personnel, defense contractors, and Iraqi nationals that deradicalization and rehabilitation programs can succeed and have the capability to positively impact thousands of would-be terrorists globally if utilized to their
