Sommario/riassunto

In the nearly four decades since the First International Symposium on Victimology convened in Jerusalem in 1973, some concepts and themes have continued to hold a prominent place in the literature, while new ones have also emerged. Exploring enduring topics such as conceptions of victimhood, secondary and hidden victimization, and social services for victims along with more recent issues, the International Handbook of Victimology provides an interdisciplinary study of the topic from a diverse range of professionals on the cutting edge of victimology research. Forty experts
