Sommario/riassunto	Late antiquity is increasingly recognised as a period of important cultural transformation. One of its crucial aspects is the emergence of a new awareness of human individuality. In this book, the authors assess the influence of seminal thinkers, including the Gnostics, Plotinus, and Augustine, but also of cultural and religious practices such as astrology and monasticism, as well as, more generally, the role played by intellectual disciplines such as grammar and Christian theology. The volume serves as a comprehensive introduction to late antique understandings of human individuality.

	Sommario/riassunto	One warm spring evening, five teenagers meet in a local park. Only four will come out alive. Six months after the stabbing of sixteen-year-old Deanna Barker, someone is coming after the teenagers of Stockleigh, as a spate of vicious assaults rocks this small community. Revenge for Deanna? Or something more? Detective Eden Berrisford is locked into a race against time to catch the twisted individual behind the attacks – but when her own niece, Jess Mountford, goes missing, the case gets personal. With the kidnapper threatening Jess's life, can Eden bring back her niece to safety? Or will the people of Stockleigh be forced to mourn another daughter...? A terrifying, compelling, police procedural which will thrill fans of Angela Marsons, Peter James and Rachel Abbott. Praise for Mel Sherratt 'Sherratt is a unique voice in detective fiction.' Mail on Sunday 'A writer to watch out for.' Mandasue Heller 'Mel's vivid imagination really brings her characters to life.' Kerry Wilkinson
