Sommario/riassunto

This book examines the evolution of European-American relations with the Middle East since 1945. Placing the current transatlantic debates on the Middle East into a broader context, this work analyses how, why, and to what extent European and US roles, interests, threat perceptions, and policy attitudes in the region have changed, relating to both the region as a whole and the two main issues analysed: Gulf Security and the Arab-Israeli Conflict. The contributors then go on to discuss the implications of these developments for Western policymaking. The volume mak
