Sommario/riassunto

The Sino-Russian relationship has experienced several permutations in recent decades as both states have undergone radical domestic changes, including the end of Soviet communism and the abandonment of Maoism. This volume brings together scholars to address the current status of Sino-Russian relations in the political, military, energy and trade sectors. In this comprehensive new volume, authors offer a detailed account on the both the historical context and current status of relations between Russia and China and the geo-political realignments in Eurasia. This analysis of the evolvi
