Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	pt. I. Theory -- pt. II. Research -- pt. III. Practice.
Sommario/riassunto	The Handbook of Vocational Psychology aims to identify, report, and evaluate significant developments in vocational psychology and career counseling, thus providing both professional clinicians and students with an informed understanding of both the current state and continuing progress in the field. Like the previous editions, the goal of the Fourth edition will be to join the theory, research, practical and applied aspects of this field. The Handbook's dual missions are to prepare current students for the realities of work and also to act as a reference resource for practicing cli
