

1.	Record Nr.	UNICAMPANIASUN0055272
	Autore	Heine, Volker
	Titolo	Group theory in quantum mechanics : an introduction to its present usage / Volker Heine
	Pubbl/distr/stampa	New York, : Dover, 1993
	ISBN	978-04-86675-85-5
	Descrizione fisica	IX, 468 p ; 22 cm.
	Soggetti	81-XX - Quantum theory [MSC 2020] 20C35 - Applications of group representations to physics and other areas of science [MSC 2020]
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
2.	Record Nr.	UNISALENTO991001831129707536
	Autore	Mauss, Marcel
	Titolo	Les fonctions sociales du sacré / Marcel Mauss ; présentation de Victor Karady
	Pubbl/distr/stampa	Paris : Éditions de Minuit, 1968
	Descrizione fisica	LIII, 635 p. ; 22 cm
	Collana	Oeuvres ; 1 Le sens commun
	Altri autori (Persone)	Karady, Victor
	Disciplina	306
	Soggetti	Etnologia
	Lingua di pubblicazione	Francese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia

3. Record Nr.	UNINA9910805583303321
Autore	Khan Saira
Titolo	The Iran Nuclear Deal : Non-proliferation and US-Iran Conflict Resolution // by Saira Khan
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Palgrave Macmillan, , 2024
ISBN	9783031501968 3031501969
Edizione	[1st ed. 2024.]
Descrizione fisica	1 online resource (297 pages)
Collana	Studies in Iranian Politics, , 2524-4140
Disciplina	327.116
Soggetti	Security, International Middle East - Politics and government International relations International Security Studies Middle Eastern Politics Foreign Policy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Chapter 1: Introduction -- Part I Iran Nuclear Deal and Its Fracture -- Chapter 2: The Much-Awaited Deal of 2015 -- Chapter 3: The US Exit from the Deal in 2018 -- Chapter 4: Scholarship on the Ramifications of the Fractured Deal -- Part II Theory -- Chapter 5: Cooperation, Spill-over Effects, and Integration -- Chapter 6: Fast-Paced Spill Back Effect -- Chapter 7: Fractured Deal and Triggers to Renewed Proliferation Interest -- Part III Case Study: Iran -- Chapter 8: Iran's Nuclear Ambition and Its Conflicts in the Pre-Deal Period -- Chapter 9: The Deal and Iran's Muted Nuclear Status -- Chapter 10: US Exit from the Deal and Tehran's Intense Proliferation Interest -- Part IV -- Chapter 11 Conclusion.
Sommario/riassunto	"This important book offers a new theory and policy-related insights with respect to the Iran nuclear deal. It is the first study to see the nuclear deal as a means toward confidence-building between longstanding enemies. Iranian proliferation activities prior to the deal emerged as a result of simultaneous protracted conflicts with the US,

Israel and Iraq. The volume offers a unique comparative analysis of Iranian nuclear policy over time and will be of great interest to academics and foreign policy practitioners alike.” - Patrick James, Dean’s Professor of International Relations, University of Southern California

This in-depth study perceptively illuminates how the Iranian nuclear deal unraveled after the Trump administration withdrew, and with what consequences. The case reveals how relations between rival states can be improved through the positive spill-over effects of cooperative arrangements, but also how rapid and comprehensive spill-back can result from their unravelling. With her compelling analysis Khan persuasively demonstrates the importance of a renewed agreement with Iran backed by the United States.” - Annette Freyberg-Inan, Professor of International Relations Theory, University of Amsterdam

This book introduces a novel theory surrounding the spillback effects stemming from the fracture of cooperative arrangements, exemplified by the Joint Comprehensive Plan of Action (JCPOA), and rigorously examines its applicability through an in-depth analysis of the Iranian context. The book draws connections between the JCPOA and the broader landscape of conflict resolution and contends that cooperation can manifest between protracted conflict states, and once established through trust and confidence-building measures, can lead to spill-over effects into other domains. This comprehensive study undertakes a unique comparative analysis, scrutinizing Iran’s proclivity towards proliferation before the JCPOA, the period of subdued proliferation during the deal’s existence, and the subsequent surge in proliferation activities following US withdrawal. This book marks essential reading for researchers interested in Iranian politics, Middle Eastern politics, nuclear proliferation, US foreign policy, and international relations theory. Saira Khan is an international affairs expert with a career spanning over twenty years as a Professor of International Relations.
