Promoting Participation: Making Amnesties Attractive to the Targeted Groups -- App. 1. List of Amnesty Processes -- App. 2. International Court System -- App. 3. Provisions of the Universal Jurisdiction Legislation in Third States.

## Sommario/riassunto

"Amnesty laws are political tools used since ancient times by states wishing to quell dissent, introduce reforms or achieve peaceful relationships with their enemies. In recent years, they have become contentious due to a perception that they violate international law, particularly the rights of victims, and contribute to further violence. This book aims to investigate whether an amnesty necessarily entails a violation of a state's international obligations, or whether an amnesty, accompanied by alternative justice mechanisms, can in fact contribute positively to both peace and justice."--Bloomsbury Publishing.
