Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Land. Land tenure -- Communal land -- The myth of the helpless peasant -- New perspectives on land passages -- Credit. Agricultural credit -- Debt and patronage -- Debt in the Bible -- No crisis in Yehud. Life in Yehud -- Financing production and commerce.
Sommario/riassunto	Land, Credit and Crisis presents a new understanding of the financial culture of the Bible. Biblical Palestine was characterized by an overabundance of arable land combined with a chronic lack of manpower and agricultural credit - circumstances which lead to much prophetic fulminating against merchants and the rich. The book reveals how the financial instruments and institutions of the time reflected a tough economic realism and argues that the image of the biblical prophet as a champion of social justice must be revised.
