Sommario/riassunto

For some, life's introduction to death and grief comes early, and when it does it can take many forms. Not only does *Dealing with Dying, Death, and Grief during Adolescence* tackle them all, it does so with David Balk's remarkable sensitivity to and deep knowledge of the pressures and opportunities adolescents face in their transition from childhood to adulthood. In seamless, jargon-free language, Balk brings readers up to date with what we know about adolescent development, because over time such changes form the backstory we need to comprehend the impact of death and bereavement in
