Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Contents; Foreword; Preface; Chapter 1 Quantitative Analysis for the BMAT and the UKCAT; Chapter 2 Critical Analysis for the BMAT and the UKCAT; Chapter 3 Scientific Knowledge and Application for the BMAT; Chapter 4 The Writing Task for the BMAT; Chapter 5 Abstract Reasoning for the UKCAT; Chapter 6 Decision Analysis for the UKCAT; Chapter 7 BMAT Practice Papers; Chapter 8 UKCAT Practice Papers; Chapter 9 Solutions; Index; A; B; C; D; E; F; G; H; I; K; L; M; N; P; Q; R; S; T; U; V; W
Sommario/riassunto	Contains over one thousand practice questions - worked examples, quick tests, 2 full BMAT-style sample test papers, and 2 full UKCAT-style sample test papers. With the use of admissions tests becoming an increasingly more common part of the selection process for entrance to medical school, BMAT and UKCAT Uncovered is a comprehensive yet

accessible guide to the two main tests used by UK medical schools. Written by recent Cambridge graduates, the authors' experience lies in taking these exams themselves and teaching students how to pass them. They combine key strategies for tac

### Sommario/riassunto

Regional Anaesthesia: A Pocket Guide is an essential companion to the practice of regional anaesthesia for consultants and trainees in the specialty. Filled with practical advice and carefully designed for ease of use, this book is the helpful aid to practice that anaesthetists have been waiting for. The book covers all the major blocks by anatomical region, from the head and upper extremities, to the lower extremities and para-axial region. The technique for each procedure is prefaced by information on its difficulty, indications, contraindications, and potential side-effects. Every procedure
