Note generali Cover: Title: Copyright: Contents: Acknowledgements: Foreword: Nota di contenuto Chapter 1 Overview of key issues: Chapter 2 Pregnancy, childbirth and the postpartum period; Chapter 3 Psychosocial aspects of fertility regulation; Chapter 4 Spontaneous pregnancy loss; Chapter 5 Menopause; Chapter 6 Gynaecological conditions; Chapter 7 Women's mental health in the context of HIV/AIDS; Chapter 8 Infertility and assisted reproduction; Chapter 9 Female genital mutilation; Chapter 10 Conclusions; Annex This book has reviewed the research undertaken on a broad range of Sommario/riassunto reproductive health issues and their mental health determinants/consequences over the last 15 years from both high- and low-income countries. Evidence from peer-reviewed journals has been used wherever possible but has been augmented with results of a specific survey initiated to gather state of the art information on reproductive and mental health issues from a variety of researchers and interested parties. Valuable data from consultant reports, national programme evaluations and postgraduate research work was also compiled, a
