Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	This global study captures the wider relevance of the Scots' associational culture, arguing that associations and formal sociability are a key to explaining how migrants negotiated their ethnicity in the diaspora and connected to social structures in diverse settlements. Moving beyond the traditional 19th century settler dominions, the book brings together the near Scottish diaspora in England & Ireland with that in North America, Africa, and Australasia to assess the evolution of Scottish ethnic associations, as well as their diverse roles as sites of memory and expressions of civility.
