Sommario/riassunto

This anthology provides a lively and stimulating view of the lives of ordinary citizens in India, Pakistan, Bangladesh, Nepal, and Sri Lanka. For the second edition of this popular textbook, readings have been updated and new essays added. The result is a timely collection that explores key themes in understanding the region, including gender, caste, class, religion, globalization, economic liberalization, nationalism, and emerging modernities. New readings focus attention on the experiences of the middle classes, migrant workers, and IT professionals, and on media, consumerism, and youth c
