

1. Record Nr.	UNINA9910807066003321
Autore	Patel Zara M.
Titolo	Office-based rhinology : principles and techniques // Zara M. Patel, Sarah K. Wise, John M. DelGaudio ; Robert T. Adelson [and twenty two others], contributors
Pubbl/distr/stampa	San Diego, California : , : Plural Publishing, , 2013 ©2013
ISBN	1-59756-635-7
Descrizione fisica	1 online resource (x, 151 pages) : color illustrations
Disciplina	616.212
Soggetti	Nose - Diseases Nose - Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Contents; Introduction; Contributors; Chapter 1: History of Nasal Endoscopy; Chapter 2: Endoscopic Anatomy for Office-Based Rhinology Procedures; Chapter 3: Radiology of the Nose and Paranasal Sinuses; Chapter 4: Room Setup and Equipment for Office Procedures; Chapter 5: Patient Selection and Informed Consent for Office-Based Rhinology Procedures; Chapter 6: Nasal and Sinus Anesthesia for Office Procedures; Chapter 7: Basic Nasal Endoscopy and Biopsy; Chapter 8: In-Office Treatment of Post-Endoscopic Sinus Surgery Issues; Chapter 9: Office-Based Inferior Turbinate Reduction Chapter 10: Office-Based Management of Septal Pathologies Chapter 11: Office-Based Nasal Polypectomy; Chapter 12: Office-Based Management of Mucoceles; Chapter 13: Epistaxis: Office-Based Management; Chapter 14: Nasal Fractures: Closed Reduction in the Office Setting; Chapter 15: Office-Based Evaluation and Treatment of Epiphora; Index
Sommario/riassunto	Conveys the principles and techniques necessary for successfully undertaking various rhinology procedures in the office setting. The procedures described range from those commonly performed in the physician's office (e.g. nasal endoscopy and debridement) to certain procedures often performed in the operating room for which, in certain

patients, an office setting would be appropriate (e.g. nasal polypectomy and drainage of mucoceles).

2. Record Nr.	UNINA9910557511503321
Autore	Sá-Correia Isabel
Titolo	Functional and Comparative Genomics of Saccharomyces and non-Saccharomyces Yeasts: Potential for Industrial and Food Biotechnology
Pubbl/distr/stampa	Frontiers Media SA, 2020
Descrizione fisica	1 online resource (255 p.)
Soggetti	Medical genetics Science: general issues
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This eBook is a collection of articles from a Frontiers Research Topic. Frontiers Research Topics are very popular trademarks of the Frontiers Journals Series: they are collections of at least ten articles, all centered on a particular subject. With their unique mix of varied contributions from Original Research to Review Articles, Frontiers Research Topics unify the most influential researchers, the latest key findings and historical advances in a hot research area! Find out more on how to host your own Frontiers Research Topic or contribute to one as an author by contacting the Frontiers Editorial Office: <a href="https://frontiersin.org/about/contact">frontiersin.org/about/contact</a>
