Sommario/riassunto	Scarcely a week goes by without a headline about the unsustainability

of higher education as we know it, under threat from new models, for-profits, or online education. Most threatened are small liberal arts colleges - with commentators predicting the demise of colleges with fewer than 1,000, or even 1,500 students. Are these trends inevitable, or can they be overcome? Through a unique case study approach to examining and analyzing colleges that have struggled, Alice Brown reveals the steps that can lead to a sustainable operation and, when closure is inevitable, the steps to do so with orderli
