Sommario/riassunto	Culture on Display invites the reader to visit culture. Reflecting on the contemporary proliferation of sites displaying culture in visitable form, it offers fresh ways of thinking about tourism, leisure and heritage. Bella Dicks locates diverse exhibitionary locations within wider social, economic and cultural transformations, including contemporary practices of tourism and travel, strategies of economic development, the staging of identities, globalization, interactivity and relations of consumerism. In particular, she critically examines how culture becomes transformed when it is put on display.
