Nota di contenuto	The performance appraisal paradox -- The fine art of feedback : an interlude -- What is 2+2 anyway? -- The feedback dilemma -- The 2+2 pilot -- 2+2 takes shape -- 2+2 : a matter of leadership -- 2+2 takes off -- Beyond the 2+2 basics : a second interlude -- Institutionalizing 2+2.
Sommario/riassunto	Based on frequent, mutual feedback from peers, students and administrators, the 2+2 method increases meaningful contact and collaboration between teachers. It also allows for administrator participation in a less threatening context than the traditional performance appraisal, greatly reducing teachers levels of anxiety and self-doubt, which in turn leads to increased job-satisfaction.
