Nota di contenuto	Front matter -- Contents -- Introduction -- 1. Idealism, British Idealism, and Analytic Philosophy -- 2. Pragmatism, Analytic Neopragmatism, and Hegel -- 3. Hegel, Idealism, and Knowledge -- Notes -- Index
Sommario/riassunto	In this book-the first large-scale survey of the complex relationship between Hegel's idealism and Anglo-American analytic philosophy-Tom Rockmore argues that analytic philosophy has consistently misread and misappropriated Hegel.According to Rockmore, the first generation of British analytic philosophers to engage Hegel possessed a limited understanding of his philosophy and of idealism. Succeeding generations continued to misinterpret him, and recent analytic thinkers have turned Hegel into a pragmatist by ignoring his idealism. Rockmore explains why this has happened, defends Hegel's idealism, and points out the ways that Hegel is a key figure for analytic concerns, focusing in particular on the fact that he and analytic philosophers both share an interest in the problem of knowledge.
