Sommario/riassunto

This unique work is the first to address the subject of community engagement strategies in countering extremism, and explores the development and research of these strategies. In so doing it demystifies the process of community engagement, while simultaneously extolling the virtues of the ground breaking strategies to have been effectively employed in Asia, the Middle East, and the West. The book then proceeds to examine the efforts of community engagement made by several countries against their unique operational and geopolitical environments. Finally, detailed reference is made to the role an
