Sommario/riassunto

Naples was one of the largest cities in early modern Europe, and for about two centuries the largest city in the global empire ruled by the kings of Spain. Its crowded and noisy streets, the height of its buildings, the number and wealth of its churches and palaces, the celebrated natural beauty of its location, the many antiquities scattered in its environs, the fiery volcano looming over it, the drama of its people's devotions, the size and liveliness - to put it mildly - of its plebs, all made Naples renowned and at times notorious across Europe. The new essays in this volume aim to introduce this important, fascinating, and bewildering city to readers unfamiliar with its history. Contributors are: Tommaso Astarita, John Marino, Giovanni Muto, Vladimiro Valerio, Gaetano Sabatini, Aurelio Musi, Giulio Sodano, Carlos José Hernando Sánchez, Elisa Novi Chavarría, Gabriel Guarino, Giovanni Romeo, Peter Mazur, Angelantonio Spagnoletti, J. Nicholas Napoli, Gaetana Cantone, Anthony DelDonna, Sean Cocco, Melissa Calaresu, Nancy Canepa, David Gentilcore, Diana Carrió-Invernizzi, and Anna Maria Rao. The publisher, editor, and contributors mourn the passing of Gaetana Cantone, who died in April 2013.
