1. Record Nr. UNINA9910807364503321

Autore	Sarr Francis
Titolo	Education for Community Health : Building a Community of Learning for the 21st Century / / Francis Sarr
Pubbl/distr/stampa	Serrekunda, Gambia : , : CENMEDRA, , [2017] ©2017
ISBN	9983-94-607-6
Edizione	[First edition.]
Descrizione fisica	1 online resource (239 pages)
Disciplina	362.12
Soggetti	Community health services - Management Community health services - Planning Health education - Gambia Health education - Study and teaching Health education teachers - Training of Public health personnel - Training of
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Cover -- Title Page -- Copyright -- Contents -- List of Figures, Tables and Boxes -- Dedication -- About the Author -- Acknowledgements -- About CENMEDRA -- Preface -- Part One Concepts, Theories and Principles -- 1 Concepts, Principles, Elements of Community Health and Primary Health Care -- Community Health and Population Health: A Comparative Analysis -- Principles and Elements of Primary Health Care -- The Realities -- PHC Reforms -- Summary -- 2 Educational Theories, Ideologies and Focus on the Community -- Dominant Theories of Education -- Traditional Education (Subject-matter centred) -- Progressive Education (Child-centred) -- Scientific Education (Society-centred) -- A Modern Educational Concept -- Educational Ideologies -- Educational Focus on the Community -- Summary -- 3 Definition of the Curriculum Question and Curriculum Models -- Definition of the Curriculum Question -- Curriculum Models -- The Subject-Centred Model -- The Objectives Model -- The Outcomes-Based Model -- The Process Model -- The Integrated Model -- The Problem-Based Model -- The Situational

Analysis Model -- Beattie's Fourfold Model -- The Cultural Analysis Model -- Critique and Merits of the Curriculum Models -- Summary -- 4 Learning Theories, Process and Community -- Learning Theories -- Social Learning Theory -- Adult Learning Theory -- Reinforcement Theory -- Needs Theory -- Expectancy Theory -- Information Processing Theory -- Goal-Setting Theory -- Social Cognitive Theory -- Minimalist Learning Theory -- Constructivist Theory of Learning -- Social Constructivist Theory of Learning -- Learning Process in Community Settings -- Summary -- 5 Technology, Community, Information Exchange and Learning -- The Nature of Technology and Information Exchange -- ICTs and Learning -- Cooperative and Collaborative Learning -- Synchronous and Asynchronous Learning. Summary -- 6 Leadership and Management Theories -- Orlando's Model of Nursing -- Path-Goal Leadership Theory -- Transformational Leadership -- Motivational Theories -- Maslow's Theory of Human Needs -- Bandura's Social Learning Theory -- Locke's Goal-Setting Theory -- Structural Contingency Theory -- Institutional Theory -- Resource Dependence Theory -- Roy's Adaptation Model of Nursing -- Complex Adaptive Systems Theory -- Summary -- 7 Building a Community of Learning Framework -- Building a Community of Learning Framework -- Learning Space Design -- Technology, Community and Information Exchange -- Pedagogical, Curricular and Co-curricular Design -- Six Good Practices in Design Processes of Development Interventions -- Summary -- Part Two Application of the Concepts, Theories and Principles -- 8 Learning Space Design -- Stakeholders -- Situational Analysis of Current Context for Learning Spaces in Community Health Education -- The Roles of Education, Educational Technologies, Information Services, and Facilities Management and Planning in the Design of Learning Spaces for Community Health Education -- Steps in the Learning Space Project Design -- Considerations in Designing Learning Environments that Foster a Community of Learning for Community Health -- Summary -- 9 Technology, Community, and Information Exchange -- How New Technologies Are Influencing Community Health Higher Education -- Considerations for choosing ICTs to enhance information exchange in community health education -- Types of ICT Tools that can facilitate Information Exchange in Community Health Education -- Synchronous Tools -- Asynchronous Tools -- Summary -- 10 Pedagogical, Curricular and Co-curricular Design -- Design Process -- Selecting Curriculum Models -- Students and Faculty Activities in the Community.
Cooperative and Collaborative Learning in Community Health Education -- Synchronous and Asynchronous Learning Facilitation and Delivery in the Community -- Facilitation Strategies -- Synchronous: Facilitation Strategies -- Asynchronous: Facilitation Strategies -- Roles of Facilitator and Learner -- Synchronous: Facilitator -- Asynchronous: Facilitator -- Synchronous: Learner -- Asynchronous: Learner -- Asynchronous Delivery -- Summary -- 11 Designing Online Cooperative and Collaborative Learning Projects in Community Health -- The importance of online cooperative and collaborative learning projects in community health education -- Finding a project idea and a project partner -- Preparatory or planning stage -- Implement the project -- Final stage -- Summary -- 12 Professional Development in Community Health -- Identifying Professional Development Needs -- Training Needs Analysis -- Types of Training Needs Analysis -- Cultural Analysis Approach -- Required Changes in Healthcare and Education Systems -- Summary -- 13 Development of Teaching and Learning Centres in Community Health -- Types of Teaching and

Learning Centres -- Community Health/PHC-oriented Teaching and Learning Centres -- Design Strategy -- Project goal -- Purpose(s) -- Outputs -- Activities -- Resources -- Work schedule -- Management and operational arrangements -- Summary -- 14 Conclusions -- Concepts -- Learning Space Design -- Technology, communication and information exchange -- Pedagogy, Curriculum, and Co-curricular Design -- Bibliography -- Index.
