Du Bois's <i>Souls of Black Folk</i> -- 5. Andrei Platonov's Revolutionary Melancholia: Friendship and Toska in <i>Chevengur</i> -- Notes -- Acknowledgments -- Index
Sommario/riassunto	The surprising claim of this book is that dwelling on loss is not necessarily depressing. Instead, embracing melancholy can be a road back to contact with others and can lead people to productively remap their relationship to the world around them. Flatley demonstrates that a seemingly disparate set of modernist writers and thinkers showed how aesthetic activity can give us the means to comprehend and change our relation to loss.
