Sommario/riassunto	Business takes place in an increasingly global environment, crossing political and cultural boundaries that challenge corporate values. The central focus of this successful and innovative text lies in how to make and explain 'best choice' judgments when confronting ethical dilemmas in international business situations. The newly-updated version of this groundbreaking textbook continues to provide a topical and relevant analysis of the ethical dimensions of conducting business in a global political economy. From a starting point of applied ethics, the book introduces a common set of n
