Sommario/riassunto	Over the last two decades, anthropological studies have highlighted the problems of 'development' as a discursive regime, arguing that such initiatives are paradoxically used to consolidate inequality and perpetuate poverty. This volume constitutes a timely intervention in anthropological debates about development, moving beyond the critical stance to focus on development as a mode of engagement that, like anthropology, attempts to understand, represent and work within a complex world. By setting out to elucidate both the similarities and differences between these epistemological endeavors, th
