Sommario/riassunto

New Developments in Islamic Economics: Examples from Southeast Asia investigates the latest developments in a vibrant and fast-moving area of practical financial and economic study. Primarily focused on Malaysian contexts, while also presenting perspectives from Indonesia and Thailand, this book examines the Asian nations leading the world in the application of Islamic finance. Case studies analyse and discuss new and emerging issues in Islamic economics, including micro-takaful, waqf, social finance and poverty alleviation from an Islamic perspective.
