		9. Continuums of care and collaborative alliances10. Pathways and possibilities: the process of reintegration; Appendix 1: Drug use in prison - discussion notes; Appendix 2: Client safety contract pro forma; Glossary; References; Index
	Sommario/riassunto	This book provides a theoretically informed guide to the practice of working with offenders in different settings and for different purposes. It deals with topics such as offender rehabilitation, case management, worker-offender relationships, working with difficult clients and situations, collaboration, addressing complex needs, and processes of

integration. The book offers a unique perspective on working with offenders in that it incorporates three key elements. As part of the latter, it provides different types of data, including descriptions of programs and selected statistics from each ju
