Sommario/riassunto	Path of Compassion is a collection of key stories from Thich Nhat Hanh's classic Old Path White Clouds, a book celebrating its 20th publishing anniversary this year. It tells the fascinating life story of Prince Siddhartha, who left his family and renounced his carefully guarded life, and after many years of spiritual seeking became the Buddha, the Enlightened One. Far more than the description of an unusual life story, it serves as an enjoyable, compelling, and informative introduction to Buddhism by conveying its most important teachings in a compact and accessible format.
