Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [195]-241) and index.
Nota di contenuto	Eurocentrism: the origin of the master racial project -- Either black or white: the United States and the binary racial project -- White by definition: multiracial identity and the binary racial project -- Black by law: multiracial identity and the ternary racial project -- The new multiracial identity: both black and white -- The new multiracial identity: neither black nor white -- Black by popular demand: multiracial identity and the decennial census -- The illusion of inclusion: from white domination to white hegemony -- The new millennium: toward a new master racial project.
Sommario/riassunto	In the United States, anyone with even a trace of African American ancestry has been considered black. Even as the twenty-first century opens, a racial hierarchy still prevents people of color, including individuals of mixed race, from enjoying the same privileges as Euro-Americans. In this book, G. Reginald Daniel argues that we are at a

cross-roads, with members of a new multiracial movement pointing the way toward equality. Tracing the centuries-long evolution of Eurocentrism, a concept geared to protecting white racial purity and social privilege, Daniel shows how race has been...
