Sommario/riassunto	Powerful research-based strategies to turn around struggling adolescent students The achievement gap is widening and more teens than ever are struggling in school. The latest research shows not only that brains can change, but that teachers and other providers have the power to boost students' effort, focus, attitude, and even IQs. In this book bestselling author Eric Jensen and co-author Carole Snider offer teacher-friendly strategies to ensure that all students graduate, become lifelong learners, and ultimately be successful in school and life. Drawing on cutting-edge science, this
