

1. Record Nr.	UNINA9910807839303321
Autore	Torii Kengo
Titolo	Evidence-based occlusal management for temporomandibular disorders // authored by Kengo Torii, General Dentistry of the Infirmary, School of Life Dentistry, Nippon Dental University, Tokyo, Japan
Pubbl/distr/stampa	Sharjah, UAE : , : Bentham Science Publishers, , [2013] ©2013
ISBN	1-60805-783-6
Descrizione fisica	1 online resource (212 p.)
Soggetti	Temporomandibular joint - Diseases Temporomandibular joint - Diseases - Treatment Occlusion (Dentistry) Occlusal adjustment - Therapeutic use Evidence-based medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Title; EUL; Contents; Foreword; Preface; Chapter 01; Chapter 02; Chapter 03; Chapter 04; Chapter 05; Chapter 06; Chapter 07; Chapter 08; Chapter 09; Chapter 10; Index; Back Cover
Sommario/riassunto	Current mainstream treatments for temporomandibular disorders (TMDs) are mainly conservative therapies. However, these conservative treatments are symptomatic treatments, not causal treatments. Therefore, the patients with severe symptoms have not been completely relieved. Evidence-Based Occlusal Management for Temporomandibular Disorders is a concise e-lecture which covers the following points: 1. When do the signs or symptoms of TMD emerge? 2. Should the signs or symptoms be left untreated? 3. When should the treatment start? 4. How should the occlusal discrepancy be examined? 5. How should
