Mediterranean : ceramics and trade" / Paul Reynolds -- "Coinage, iconography, and the changing political geography of fifth-century Hispania" / Fernando Lopez Sanchez -- "Villas in Hispania during the fourth and fifth centuries" / Alexandra Chavarria Arnau.

Sommario/riassunto

This collection of essays on late Roman Hispania describes the relationships between the peninsula and the rest of the late antique world. Its contributors - archaeologists, historians, and historians of art - address both the historical evidence and the complex historiography of late antique Hispania.
