Disciplina	172/.42
Soggetti	Just war doctrine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Bringing just war doctrine to life, Richard J. Regan raises a host of difficult questions about the evils of war, asking first and foremost whether war is ever justified, and, if so, for what purposes? Regan considers the basic principles of just war theory and applies those principles to historical and ongoing conflicts through case studies and discussion questions. His well-received 1996 work is updated with the addition of case studies on Iraq, Afghanistan, Libya, and Islamist terrorist organizations. Especially timely are the added discussions of the use of drones to assassinate terrorist leaders and, in the matter of weapons of mass destruction, asking how certain is "certain enough" that a country has weapons of mass destruction before it can be justly attacked? Regan considers the roles of the president, Congress, and the U.N. Security Council in determining when long-term U.S. military involvement is justified.
