Sommario/riassunto	This book explains the foreign policy decisions of Iranian leaders, as well as the foreign policy decisions of its neighbors and major world powers. Iran is not treated primarily as a problem to be dealt with by the United States and its friends. There is an effort to understand not only the concerns and policies of the United States and its allies, but also to understand Iranian concerns and policy. Thus, this book is better able than many others to explain the actions, reactions, and interactions of all the relevant actors and to explore the prospects for future war or peace. Mattair provid
