Pubbl/distr/stampa	New York, : New York University Press, 2010
ISBN	0-8147-8979-X 0-8147-8712-6
Edizione	[1st ed.]
Descrizione fisica	1 online resource (298 p.)
Collana	Critical America
Disciplina	344.73/099
Soggetti	Sex discrimination in sports - Law and legislation - United States Women athletes - Legal status, laws, etc - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Frontmatter -- Contents -- Acknowledgments -- Introduction: The Feminism of Title IX -- 1 Separate Is Equal? -- 2 Integration Rights: Girls Playing with Boys and Boys Playing with Girls -- 3 The Three-Part Test and the Opportunity to Play -- 4 Complicating Equal Participation: What Counts as a Sport, Which Sports Should Women Play, and Which Women Should Play Them? -- 5 Cutting Men's Opportunities to Help Women? Title IX and Leveling Down -- 6 Treatment as an Equal -- 7 The Dilemma of Difference and the "Problem" of Pregnancy -- 8 Beyond Equal Access: Coaching, and Sexual Harassment -- Conclusion -- Notes -- Selected Bibliography -- Index -- About the Author
Sommario/riassunto	Title IX, a landmark federal statute enacted in 1972 to prohibit sex discrimination in education, has worked its way into American culture as few other laws have. It is an iconic law, the subject of web blogs and T-shirt slogans, and is widely credited with opening the doors to the massive numbers of girls and women now participating in competitive sports. Yet few people fully understand the law's requirements, or the extent to which it has succeeded in challenging the gender norms that have circumscribed women's opportunities as athletes and their place in society more generally. In this first legal analysis of Title IX, Deborah L. Brake assesses the statute's successes and failures. While the statute has created tremendous gains for female athletes, not only raising the visibility and cultural acceptance of women in sports, but also creating

social bonds for women, positive body images, and leadership roles, the disparities in funding between men's and women's sports have remained remarkably resilient. At the same time, female athletes continue to receive less prestige and support than their male counterparts, which in turn filters into the arena of professional sports. Brake provides a richer understanding and appreciation of what Title IX has accomplished, while taking a critical look at the places where the law has fallen short. A unique contribution to the literature on Title IX, *Getting in the Game* fully explores the theory, policy choices, successes, and limitations of this historic law.
