

1. Record Nr.	UNINA9910716164703321
Titolo	Bridge across Lake Washington, King County, Wash. May 17 (calendar day, May 19), 1926. -- Ordered to be printed
Pubbl/distr/stampa	[Washington, D.C.] : , : [U.S. Government Printing Office], , 1926
Descrizione fisica	1 online resource (3 pages)
Collana	Senate report / 69th Congress, 1st session. Senate ; ; no. 853 [United States congressional serial set] ; ; [serial no. 8526]
Altri autori (Persone)	BinghamHiram <1875-1956> (Republican (CT))
Soggetti	Bridge construction industry Bridges - Design and construction Bridges Construction industry Legislative amendments Legislative materials.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Batch processed record: Metadata reviewed, not verified. Some fields updated by batch processes. FDLP item number not assigned.

2. Record Nr.	UNINA9910677189003321
Titolo	Antimicrobial Resistance in Bacteria of Animal Origin // edited by Frank M. Aarestrup
Pubbl/distr/stampa	Washington, District of Columbia : , : John Wiley & Sons, Inc., , 2019
ISBN	1-68367-185-6
Descrizione fisica	1 online resource (xii, 442 pages) : illustrations
Disciplina	636.08951
Soggetti	Veterinary drugs Zoonoses Antibiotics in veterinary medicine Drug resistance in microorganisms
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Comprehensively examines the current research on antimicrobial resistance in the main veterinary and zoonotic pathogens, including resistance to disinfectants and metals used in agriculture. the early chapters provide information on modes of action of antibiotics and mechanisms of bacterial resistance, in addition to exploring the history of antimicrobial use in agriculture. Several chapters are devoted to examination of antimicrobial resistance in specific bacteria, including: the family Pasteurellaceae, species of Campylobacter, pathogenic Escherichia coli, staphylococci, streptococci, and Enterococcus. Also detailed are phenotypic and molecular methods for susceptibility testing, regulatory mechanisms for usage of antibiotics, and methods for monitoring drug usage and resistance.

3. Record Nr.	UNINA9910808071703321
Autore	Staley Larssyn
Titolo	Socioeconomic pragmatic variation : speech acts and address forms in context // Larssyn Staley
Pubbl/distr/stampa	Amsterdam ; ; Philadelphia : , : John Benjamins Publishing Company, , [2018]
Descrizione fisica	1 online resource (217 pages)
Collana	Pragmatics & beyond new series (P&bns) ; ; Volume 291
Disciplina	401.45
Soggetti	Pragmatics - Social aspects Pragmatics - Variation English language - Spoken English - California - Los Angeles Sociolinguistics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Variational pragmatics -- Pragmatics and variation -- The Los Angeles restaurant study -- Shared characteristics of service encounter discourse -- Restaurant service encounter offers -- You're very welcome, you got it, yeah absolutely: Thanks responses in three socioeconomic settings -- Address forms in LARC.
Sommario/riassunto	"On a regular basis people encounter unfamiliar uses of pragmatic features, such as offers or requests with differing levels of directness or terms of address showing differing amounts of solidarity or deference. Variational pragmatics is the study of such uses, according to region, gender, age, ethnicity and socioeconomic status, among national and sub-national varieties of pluricentric languages. Despite the wide focus just outlined, this volume provides the first study of pragmatic variation across different social classes, using naturally occurring, interactional data. The discourse analyzed here was collected in over twenty restaurant service encounters spanning three price points. The aim of this study is two-fold: to provide a potential framework for how pragmatic variables and their context can be defined, using the concept of a communicative activity, and to investigate socioeconomic variation in pragmatics by taking offers, thanks responses and address forms as examples. This study contributes, both on a methodological and

empirical level, to the growing body of research in variational pragmatics, as well as speech acts, terms of address, relational work and sociolinguistics"--
