Sommario/riassunto

The book examines the regulation of insider dealing in the developed jurisdictions, using three of the G7 countries as guides with the aim of knowing how they have regulated insider trading and what lessons can be learnt from their failures and achievements. It looks at regulatory regimes in the US, the UK and Japan in order to consider whether these regimes can be successfully transplanted to developing countries. In order to explore insider dealing in the developing world the book focuses on Nigeria, Africa's most populous nation and second largest economy. This book examines in the
