

1. Record Nr.	UNINA9910808312603321
Autore	Hackshaw Allan K.
Titolo	A concise guide to observational studies in healthcare / / Allan Hackshaw
Pubbl/distr/stampa	Chichester, West Sussex, United Kingdom : , : John Wiley & Sons Inc., , 2015
ISBN	1-118-52697-X 1-118-52712-7 1-118-52703-8
Descrizione fisica	1 online resource (253 p.)
Disciplina	610.72
Soggetti	Medicine - Research Medical care - Evaluation
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Fundamental concepts -- Outcome measures, risk factors, and causality -- Effect sizes and regression methods -- Studies based on patient medical records -- Cross-sectional studies -- Case-control studies -- Cohort studies -- Quality of care studies -- Prognostic markers for predicting outcomes -- Systematic reviews and meta-analyses -- Conducting and reporting observational studies.
Sommario/riassunto	A Concise Guide to Observational Studies in Healthcare provides busy healthcare professionals with an easy-to-read introduction and overview to conducting, analysing and assessing observational studies. It is a suitable introduction for anyone without prior knowledge of study design, analysis or conduct as the important concepts are presented throughout the text. It provides an overview to the features of design, analyses and conduct of observational studies, without using mathematical formulae, or complex statistics or terminology and is a useful guide for researchers conducting their own
