Sommario/riassunto	The Arab Spring has swept away decades old authoritarian regimes in the Middle East, and has captured the imagination of international community. The European Union and the Arab Spring: Promoting Democracy and Human Rights in the Middle East, edited by Joel Peters, addresses how the European Union has responded to the dramatic events of the Middle East over the past year and how it is meeting the calls of the peoples of the Middle East for greater freedoms,

democracy, and human rights.
