

1. Record Nr.	UNINA9910808662403321
Autore	Pryke Louise M.
Titolo	Scorpion / / Louise M. Pryke
Pubbl/distr/stampa	London, England : , : Reaktion Books, , 2016 ©2016
ISBN	1-78023-625-5
Descrizione fisica	1 online resource (223 pages) : color illustrations, photographs
Collana	Animal
Disciplina	595.46
Soggetti	Scorpions Scorpions - Symbolic aspects Scorpions - Social aspects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Introduction: Shining a Light on Scorpions -- A Basic Guide to the Biology of Scorpions -- Scorpions in Prehistory and the Ancient World -- The Scorpion King -- The Scorpion Weapon -- Scorpions in the Stars -- Scorpions on Screen and Beyond -- The Sting in the Tail -- Timeline -- References -- Bibliography -- Associations and Websites -- Acknowledgements -- Photo Acknowledgements -- Index.
Sommario/riassunto	From the back cover: "From the dawn of human civilization the scorpion has been a threatening figure in our imaginations--poisonous, precise and deadly quiet--but their bad reputation has overshadowed many exceptional qualities. Older than dinosaurs, these small arthropods have survived for hundreds of millions of years with very few changes to their form, and they have populated every continent--with the exception of Antarctica. Although humans and scorpions have coexisted for thousands of years, the image of the scorpion retains a sense of danger and mystery. Throughout our existence scorpions have served as powerful cultural and religious symbols--sometimes as menacing foes, other times as protectors. From the Egyptian goddess Serket to Zodiac astrology to folk medicine, Scorpion is a fascinating tour that includes ancient warrior deities, the American Civil War and the markets of Southeast Asia. Scorpion is a

richly illustrated homage to one of earth's oldest residents."
