Sommario/riassunto	Tracing the life of the plants and animals of Forrest dale Lake through the six seasons of the local indigenous people, the first part of Black Swan Lake presents a wetlands calendar over a yearly cycle of the rising, falling and drying waters of this internationally important wetland in south-western Australia. The second part of this book considers issues and explores themes from the first part, including a cultural history of the seasons and the black swan. Black Swan Lake is a book of nature writing and environmental history and philosophy arising from living in a particular place with oth
