behaviour in emerging markets: The case of Turkey; 11 A common currency for Middle Eastern and North African countries?: Lessons from the European Monetary Union; Index

Sommario/riassunto

This book examines monetary policy, central banking and exchange rate regimes in the Middle East and North Africa. Part I covers central banking and monetary policy, while Part II covers monetary policy and exchange rate regimes. Some chapters focus on the monetary frameworks of particular countries, including Lebanon, Algeria, Syria, Tunisia, Morocco, and Turkey, outlining the different systems operated in each case, considering their successes and failures, and discussing important issues such as government policy, macroeconomic performance, inflation and inflation targeting, central bank
