Sommario/riassunto	This book is perfect for anyone looking at business and entrepreneurship. It is ideal for anyone with an interest in business and anyone who has aspirations to start their own business--outlining key principles of the entrepreneurial adventure and the business world, bringing it to life using case studies. Within this text you will find useful and practical information about business and entrepreneurship. James provides a robust understanding of the theory and real-world implications of running a successful business. He also describes and

explains the whole process from understanding the implications and risks, the start-up stage through to future expansion.
