Sommario/riassunto	The debate between the disciples of God and Dawkins tends to assume a level of basic theological information which many people lack. Here are the answers to all those questions that people really do ask, about God, and evil, and the Bible and the Church. The conversational format is deliberately accessible: 'on-the-bus' theology for the general reader. This book is not the last word on anything, writes the author: I hope only that it is the starting word on some very important things for some interested people.
