

1. Record Nr.	UNINA9910809029603321
Titolo	Bio-inspired nanomaterials and nanotechnology // Yong Zhou, editor
Pubbl/distr/stampa	New York, : Nova Biomedical Books, c2010
ISBN	1-61761-455-6
Edizione	[1st ed.]
Descrizione fisica	1 online resource (313 p.)
Collana	Nanotechnology science and technology series
Altri autori (Persone)	ZhouYong <1963->
Disciplina	620/.5
Soggetti	Nanotechnology Biotechnology Nanostructured materials Biomimetic materials
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	<p>""BIO-INSPIRED NANOMATERIALS AND NANOTECHNOLOGY ""; ""BIO-INSPIRED NANOMATERIALS AND NANOTECHNOLOGY ""; ""CONTENTS ""; ""PREFACE""; ""BIOMIMETIC MINERALIZATION ""; ""ABSTRACT""; ""1.1.
