Sommario/riassunto

This book, the second in a series on Tavistock Group Relations Conferences, contains the collection of papers presented at the second Belgirate conference plus four additional papers reflecting on and making sense of several participants conference experiences. Taken together, these papers offer an exciting picture of the Group Relations enterprise as it continues to adapt and innovate its approaches to the practice of Group Relations conferences globally. It will be of interest to members of the group relations community as well as others who are agents of change and development in their professions and organisations, and who might use group relations thinking in their research, management, consultancy or educational roles.
