Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	The renowned psychoanalyst Erich Fromm not only analyzed society and societal processes. Together with Michael Maccoby he did a study of Mexican peasants to empirically illustrate how historical, economic and social requirements determine behavior. Social Character in a Mexican Village does much more than introduce a new approach to the analysis of social phenomena. It throws new light on one of the world & rsquo;s most pressing problems, the impact of the industrialized world on the traditional character of peasants. Unanimously the book is an outstanding introduction to Fromm's concept of social character
