Sommario/riassunto	The authors address key aspects of contemporary semiotic and cultural debate--for example Metz's semiotics, Genette's narratology, the feminism of Mary Ann Doane, and Bakhtinian concepts. The book explores linguistically-oriented terminology in cinema studies; the semiotics of film narrative; the psycho-semiology of the cinema; and intertextuality, discourse, and transtextuality. References to individual films drawn from the work of a wide range of directors including Orson Welles, D.W. Griffiths, Alain Resnais, Jean-Luc Godard, Alfred Hitchcock, Jean Cocteau, and Chantal Akerman illustrate the book's theoretical claims.
